DATA PROCESSING AGREEMENT

Last Updated: November 2026

This Data Processing Agreement, including its Exhibits ("**DPA**") forms part of the Terms of Service Agreement or other such entitled written agreement between Customer and Horizon 3 AI, Inc. ("**Horizon3**") (collectively, the "**Parties**") which governs the provision of the Services by Horizon3 to Customer and is intended to reflect the Parties' agreement with regard to the Processing of Personal Data (the "**Agreement**"). This DPA incorporates the terms of the Agreement, and any terms not defined in this DPA shall have the meaning set forth in the Agreement.

1. Definitions:

(a) "**Authorized Persons**" means Horizon3's authorized processors, attorneys and auditors with need to access, use, and process Customer Data to enable Horizon3 to perform its business operations and to perform Services under this Agreement, and are bound by confidentiality, use, and security obligations to protect Customer Data pursuant to this Agreement.

(b) "**Authorized Sub-Processor**" means a third-party who has a need to know or otherwise access Customer's Personal Data to enable Horizon3 to perform its obligations under this DPA or the Agreement, and who is either (1) listed on https://trust.horizon3.ai/subprocessors or (2) subsequently authorized under Section 4.2 of this DPA.

(c) "**Customer Data**" has the meaning set forth in the Agreement and also includes any information or data identified, accessed, or exposed by Horizon3 in connection with the Services.

(d) "**Data Exporter**" means Customer.

(e) "**Data Importer**" means Horizon3.

(f) "**Data Protection Laws**" means all applicable laws and regulations relating to the privacy, protection, security, or processing of Personal Data that directly apply to a Party's performance under the Agreement. The terms "Data Subject," "Personal Data," "Personal Data Breach," "processing," "processor," "controller," and "supervisory authority" shall have the meanings set forth in the GDPR or, where the applicable Data Protection Law is not GDPR, the equivalent meanings under such applicable Data Protection Laws.

(g) "**EU SCCs**" means the standard contractual clauses approved by the European Commission in Commission Implementing Decision (EU) 2021/914 dated 4 June 2021, for transfers of personal data to countries not otherwise recognized as offering an adequate level of protection for personal data by the European Commission (as amended and updated from time to time).

(h) "**Ex-EEA Transfer**" means the transfer of Personal Data, which is processed in accordance with the GDPR, from the Data Exporter to the Data Importer (or its premises) outside the European Economic Area (the "EEA"), and such transfer is not governed by an adequacy decision made by the European Commission in accordance with the relevant provisions of the GDPR.

(i) "**Ex-UK Transfer**" means the transfer of Personal Data, which is processed in accordance with the UK GDPR and the Data Protection Act 2018, from the Data Exporter to the Data Importer (or its premises) outside the United Kingdom (the "UK"), and such transfer is not governed by an adequacy decision made by the Secretary of State in accordance with the relevant provisions of the UK GDPR and the Data Protection Act 2018.

(j) "**Standard Contractual Clauses**" means the EU SCCs and the UK SCCs.

(k) "**UK SCCs**" means the EU SCCs, as amended by the United Kingdom's International Data Transfer Addendum.

2. Relationship of the Parties; Processing of Data

2.1. As between the parties and for the purposes of this DPA, Customer is Controller or Processor, as applicable, of Personal Data processed by Horizon3 on Customer's behalf in connection with the Services and appoints Horizon3 as a Processor or Sub-Processor, as applicable, of such Personal Data. Customer shall ensure that its processing of Personal Data and any instructions provided to Horizon3 regarding such processing comply with, and will not cause Horizon3 to be in breach of, applicable Data Protection Laws. Customer is solely responsible for the accuracy, quality, and legality of (i) the Personal Data provided to Horizon3 by or on behalf of Customer, (ii) the means by which Customer acquired any such Personal Data, and (iii) the instructions it provides to Horizon3 regarding the processing of such Personal Data including ensuring that Customer has all rights, authorizations, notices, consents, and lawful bases required under applicable Data Protection Laws for such processing. Customer shall not provide or make available to Horizon3 any Personal Data in violation of the Agreement or otherwise inappropriate for the nature of the Services, and shall indemnify Horizon3 from all claims and losses in connection therewith.

2.2. Horizon3 shall process Personal Data only as necessary to perform the Services for Customer under the Agreement and this DPA, in accordance with Customer's documented instructions, and shall comply with applicable Data Protection Laws. Horizon3 will not process the Personal Data for its own purposes or those of any third party. Customer agrees that it discloses Personal Data subject to applicable Data Protection Laws to Horizon3 solely for a valid business purpose to perform the Services in the Agreement and this DPA.

2.3. Horizon3 processes Customer Data only as necessary in connection with the ordinary operation and provision of the Services, including where Customer Data is incidentally identified or exposed in connection with the Services.

2.4. The subject matter, nature, purpose, and duration of this processing, as well as the types of Personal Data collected and categories of Data Subjects, are described in Exhibit A to this DPA.

2.5. CCPA. To the extent applicable, Horizon3 acts as a "service provider" or "contractor" under the California Consumer Privacy Act, as amended (the "CCPA"), with respect to Personal Data processed on behalf of Customer. Horizon3 shall not (i) sell or share such Personal Data; (ii) retain, use, or disclose such Personal Data outside the specified business purposes of providing, operating, maintaining, securing, supporting, and improving the quality of the Services, or outside its direct business relationship with Customer, except as permitted by the CCPA; or (iii) combine such Personal Data with personal information obtained from other sources, except as permitted by the CCPA. Horizon3 shall comply with applicable CCPA requirements, provide the same level of privacy protection required by the CCPA, and notify Customer if it determines it can no longer meet these obligations. Customer may take reasonable and appropriate steps to verify Horizon3's compliance with this Section and, upon notice, to stop and remediate unauthorized processing, subject to Section 8.4 and applicable Data Protection Laws. Horizon3 certifies that it understands and will comply with these restrictions**.**

3. Confidentiality

Horizon3 shall ensure that any Authorized Persons that it authorizes to process data (including staff, agents and subcontractors) are subject to a duty of confidentiality (whether a contractual duty or a statutory duty), and shall not permit any person to process data who is not under such a duty of confidentiality. Customer Data is Confidential Information of Customer and will be treated as such in accordance with the Agreement.

4. Authorized Sub-Processors

4.1. Customer provides general written authorization for Horizon3 to engage the Authorized Sub-Processors identified in the list available at https://trust.horizon3.ai/subprocessors (the "List") as necessary to provide the Services.

4.2. Horizon3 may update the List from time to time. At least thirty (30) days before a new sub-processor processes Personal Data, Horizon3 will add such sub-processor to the List and notify Customer. Customer may object to the new sub-processor on legitimate grounds relating to data protection by notifying Horizon3 in writing within ten (10) days of receiving such notice. Customer acknowledges that certain sub-processors are essential to providing the Services and that an objection may prevent Horizon3 from providing the affected Services.

4.3. If Customer reasonably objects under Section 4.2, and Horizon3 cannot provide a commercially reasonable alternative within a reasonable period of time, Customer may discontinue the affected Service by providing written notice to Horizon3. Discontinuation will not relieve Customer of any fees owed Horizon3 under the Agreement.

4.4. If Customer does not object within the period specified in Section 4.2 the proposed sub-processor will be deemed an Authorized Sub-Processor.

4.5. Horizon3 will enter into a written agreement with each Authorized Sub-Processor imposing data protection obligations comparable to those imposed on Horizon3 under this DPA with respect to the protection of Personal Data. Horizon3 will remain liable to Customer for the performance of each Authorized Sub-Processor's data protection obligations, except to the extent that such acts or omissions result from Customer's instructions or configurations.

5. Security of Personal Data

Taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of processing as well as the risk of varying likelihood and severity to the rights and freedoms of natural persons, Horizon3 shall maintain appropriate technical and organizational measures to ensure a level of security appropriate to the risk. Exhibit C describes Horizon3's technical and organizational security measures.

6. International Transfer of Data

6.1. The parties agree that Horizon3 may process and transfer Personal Data as necessary to provide the Services and in accordance with applicable Data Protection Laws. If Horizon3 transfers Personal Data protected under this DPA to a jurisdiction that is not recognized as providing an adequate level of protection under applicable Data Protection Laws, Horizon3 will ensure that appropriate safeguards are in place in accordance with applicable Data Protection Laws.

6.2. Ex-EEA Transfers**.** The parties agree that ex-EEA Transfers are made pursuant to the EU SCCs, which are deemed entered into (and incorporated into this DPA by this reference) and completed as follows:

6.2.1. Module Two (Controller to Processor) of the EU SCCs apply when Customer is a controller and Horizon3 is processing Personal Data for Customer as a processor pursuant to Section 2 of this DPA.

6.2.2. Module Three (Processor to Sub-Processor) of the EU SCCs apply when Customer is a processor and Horizon3 is processing Personal Data on behalf of Customer as a sub-processor.

6.3. For each module, where applicable the following applies:

6.3.1. The optional docking clause in Clause 7 does not apply.

6.3.2. In Clause 9, Option 2 (general written authorization) applies, and the minimum time period for prior notice of sub-processor changes shall be as set forth in Section 4.2 of this DPA.

6.3.3. In Clause 11, the optional language does not apply.

6.3.4. All square brackets in Clause 13 are hereby removed.

6.3.5. In Clause 17 (Option 1), the EU SCCs will be governed by laws of the Republic of Ireland.

6.3.6. In Clause 18(b), disputes will be resolved in the courts with jurisdiction in Dublin, Ireland.

6.3.7. Exhibit B to this DPA contains the information required in Annex I of the EU SCCs.

6.3.8. Exhibit C to this DPA contains the information required in Annex II of the EU SCCs.

6.3.9. By entering into this DPA, the parties are deemed to have signed the EU SCCs incorporated herein, including their Annexes.

6.4. Ex-UK Transfers**.** The parties agree that ex-UK Transfers are made pursuant to the UK SCCs, which are deemed entered into and incorporated into this DPA by reference, and amended and completed in accordance with the UK Addendum, which is incorporated herein as Exhibit D of this DPA.

6.5. Transfers from Switzerland. The parties agree that transfers from Switzerland are made pursuant to the EU SCCs with the following modifications:

6.5.1. The terms "General Data Protection Regulation" or "Regulation (EU) 2016/679" as utilized in the EU SCCs shall be interpreted to include Swiss Federal Act on Data Protection (“FADP”) with respect to data transfers subject to the FADP.

6.5.2. Clause 13 of the EU SCCs is modified to provide that the Federal Data Protection and Information Commissioner ("FDPIC") of Switzerland shall have authority over data transfers governed by the FADP and the appropriate EU supervisory authority shall have authority over data transfers governed by the GDPR. Subject to the foregoing, all other requirements of Clause 13 shall be observed.

6.5.3. The term "EU Member State" as utilized in the EU SCCs shall not be interpreted in such a way as to exclude Data Subjects in Switzerland from exercising their rights in their place of habitual residence in accordance with Clause 18(c) of the EU SCCs.

6.6. Supplementary Measures**.** In respect of any ex-EEA Transfer or ex-UK Transfer, the following supplementary measures shall apply:

6.6.1. Horizon3 will evaluate and respond to government requests for access to Customer’s Personal Data (“Government Agency Requests”) in accordance with applicable Data Protection Laws and the Standard Contractual Clauses

6.6.2. If, after the date of this DPA, the Data Importer receives any Government Agency Requests, Horizon3 shall attempt to redirect the law enforcement or government agency to request that data directly from Customer. As part of this effort, Horizon3 may provide Customer's basic contact information to the government agency. If compelled to disclose Customer's Personal Data to a law enforcement or government agency, Horizon3 shall give Customer reasonable

notice of the demand and cooperate to allow Customer to seek a protective order or other appropriate remedy unless Horizon3 is legally prohibited from doing so. Horizon3 shall not voluntarily disclose Personal Data to any law enforcement or government agency. Data Exporter and Data Importer shall reasonably cooperate to assess whether any additional safeguards or other measures are required under applicable Data Protection Laws in connection with such Government Agency Request.

6.6.3. The Parties will reasonably cooperate to assess whether additional safeguards are necessary for transfers of Personal Data under this DPA. Horizon3 will provide reasonable assistance and information to Customer, upon written request, to support Customer in conducting any transfer impact assessment required by applicable Data Protection Laws.

6.6.4. If Data Protection Laws require the Data Exporter to execute the Standard Contractual Clauses applicable to a particular transfer of Personal Data to a Data Importer as a separate agreement, the Data Importer shall, on request of the Data Exporter, promptly execute such Standard Contractual Clauses incorporating such amendments as may reasonably be required by the Data Exporter to reflect the applicable appendices and annexes, the details of the transfer and the requirements of the relevant Data Protection Laws.

6.6.5. If either (i) any of the means of legitimizing transfers of Personal Data outside of the EEA or UK set forth in this DPA cease to be valid or (ii) any supervisory authority requires transfers of Personal Data pursuant to those means to be suspended, then Data Importer may by notice to the Data Exporter, with effect from the date set out in such notice, amend or put in place alternative arrangements in respect of such transfers, as required by Data Protection Laws.

6.7. Horizon3 further represents that it is certified under the EU-U.S. Data Privacy Framework, UK Extension to the EU-U.S. Data Privacy Framework, and Swiss-U.S. Data Privacy Framework (collectively, "DPF"). Where applicable, Horizon3 may rely on the DPF as a valid transfer mechanism in accordance with Data Protection Laws. Nothing in this Section limits the application of the Standard Contractual Clauses where they are otherwise required under this DPA or applicable Data Protection Laws.

6.8. Other Transfers. To the extent that Personal Data is transferred from a jurisdiction not specifically addressed in Sections 6.2 through 6.7, the Parties shall comply with the applicable Data Protection Laws governing such transfer. If such Data Protection Laws require the Parties to enter into additional transfer documentation or adopt supplementary measures, the Parties shall negotiate in good faith and promptly execute such documentation as may be reasonably required.

7. Cooperation and Data Subject Rights

7.1. If Horizon3 receives a Data Subject Request relating to Personal Data processed on behalf of Customer, Horizon3 will direct the Data Subject to submit the request to Customer. Customer is responsible for responding to Data Subject Requests, including by using available functionality of the Services where applicable. Customer is responsible for providing Horizon3 with any instructions necessary to address a Data Subject Request and, where applicable, maintaining records of any consent required for the processing of Personal Data.

7.2. Taking into account the nature of the processing, Horizon3 will, upon Customer's written request, provide reasonable assistance to Customer in responding to a Data Subject Request to the extent required by applicable Data Protection Laws and reasonably possible through the Services. Customer will be responsible, to the extent permitted by applicable law, for any costs and expenses arising from such assistance.

8. Data Protection Assistance; Audit

8.1. Horizon3 shall, taking into account the nature of the processing and the information available to Horizon3, provide Customer with reasonable cooperation and assistance where necessary for Customer to comply with its obligations under the applicable Data Protection Laws to conduct a data protection impact assessment and/or to demonstrate such compliance, provided that Customer does not otherwise have access to the relevant information. Customer shall be responsible to the extent legally permitted for any costs and expenses arising from any such assistance by Horizon3.

8.2. Horizon3 shall, taking into account the nature of the processing and the information available to Horizon3, provide Customer with reasonable cooperation and assistance with respect to Customer's cooperation and/or prior consultation with any Supervisory Authority, where necessary and where required by applicable Data Protection Laws. Customer shall be responsible to the extent legally permitted for any costs and expenses arising from any such assistance by Horizon3.

8.3. Horizon3 will maintain records sufficient to demonstrate its compliance with this DPA as required by applicable Data Protection Laws.

8.4. Audit**.** Horizon3 engages an independent third party to audit the security measures and controls applicable to the Services in accordance with applicable industry standards, including SOC 2. Upon written request, Horizon3 will provide Customer with available audit reports or certifications relevant to the Services subject to the confidentiality obligations of the Agreement or a non-disclosure agreement.To the extent required by applicable Data Protection Laws, Customer may conduct an audit no more than once in any twelve (12) month period, upon at least thirty (30) days' prior written notice. These limits do not apply where applicable Data Protection Laws require otherwise or following a Personal Data Breach affecting Customer's Personal Data. Any audit will be conducted during normal business hours, subject to mutually agreed scope, timing, duration, and reasonable security and confidentiality requirements, and in a manner that minimizes disruption to Horizon3's operations. Customer will reimburse Horizon3 for reasonable costs and expenses incurred in connection with such audit. If Customer and Horizon3 have entered into Standard Contractual Clauses as described in Section 6 (Transfers of Personal Data), the parties agree that the audits described in Clause 8.9 of the EU SCCs (as incorporated into the UK SCCs pursuant to the UK Addendum) will be carried out in accordance with this Section 8.4.

9. Personal Data Breach

Upon becoming aware of a Personal Data Breach affecting Personal Data processed by Horizon3 on behalf of Customer, Horizon3 will, without undue delay, notify Customer in accordance with the applicable Data Protection Law. Horizon3 will take reasonable steps to contain, investigate, and remediate the Personal Data Breach to the extent within Horizon3's reasonable control. Taking into account the nature of the processing and the information available to Horizon3, Horizon3 will provide Customer with reasonable assistance necessary for Customer to comply with its Personal Data Breach notification obligations under applicable Data Protection Laws. The obligations described in this Section 9 shall not apply to the extent that a Personal Data Breach results from the actions or omissions of Customer. Horizon3's obligation to report or respond to a Personal Data Breach under Section 9 will not be construed as an acknowledgement by Horizon3 of any fault or liability with respect to the Personal Data Breach.

10. Deletion or Return of Data

Upon termination or expiration of the Agreement, Horizon3 will, at Customer's election, make Personal Data available for retrieval through the Services or securely delete Personal Data, in its possession or control, in each case, within a period of ninety (90) days following termination or expiration of the Agreement. This obligation does not apply to the extent that retention is required by applicable law or where Personal Data resides in automated backup or archival systems, in which case such data will be isolated from further processing and deleted in the ordinary course. Any Personal Data retained pursuant to this section will remain protected in accordance with this DPA and will not be further processed except as required by applicable law.

11. Conflict

Any conflict between the terms of the Agreement and this DPA related to processing of Personal Data shall be resolved in the following order of priority: (1) applicable Data Protection Laws; (2) the applicable terms in the Standard Contractual Clauses; (3) this DPA; and (4) the Agreement. Any claims arising in connection with this DPA will be subject to the terms of the Agreement, including its exclusions and limitations.
